## Group Life Insurance Certificate of Coverage

The pay period that includes April 1 is the time to adjust the employee level of group life insurance coverage based on the previous year's gross compensation, rounded up to the next \$1,000. An employee, who had group life coverage prior to January 1, 2010, may have an increase or decrease in coverage based on the previous year's gross compensation. Do not adjust coverage levels for an employee who:

- Did not have a full calendar year of group life participation, or
- Has reduced wages due to an authorized leave of absence during all or part of the previous calendar year.

Under the Active Work Rule, the employee's level of coverage cannot increase until the employee is physically at work for one regularly scheduled work day. You can find additional information on the Active Work Rule in the Group Life Insurance Certificate of Coverage, which is available in the [Publications](#) section of our website.

### Retirements on the Rise

At this time, MainePERS expects a marked increase in member retirements throughout the remainder of this year and into January 2012. We know this will place additional demands on employers as we rely on you for information to successfully complete your employee's retirement. We appreciate your cooperation. Please remember that we are here to assist with questions for both you and your employees.

The image shows a stack of three MainePERS forms. The top form is the 'EMPLOYER BENEFIT CERTIFICATION FORM' which includes sections for 'EMPLOYEE INFORMATION', 'EMPLOYER INFORMATION', and 'CERTIFICATION'.
