

Go-Live Date for Employer Self-Service Set for March, 2010

MainePERS projected go-live date for Employer Self-Service (ESS) is now March 2010. As often happens in these projects, our vendor has experienced staff turnover that will delay final development of this module. Because of this schedule change, we will not send instructions for designating security administrators until early in 2010.

MainePERS Employer Self-Service (ESS) Training Team On the Road Again

Kathy Alley, Mary Richards
and Lynn Pease

Beginning this month, MainePERS Employer Services team hits the road. They'll be offering a three-hour ESS training session in various locations around the State between now and mid-December. The training will include an introduction to working in a web-based reporting environment, as well as some hands-on practice. You will receive a Certificate of Accomplishment in Basic Employer Self-Service and a temporary password to a "read-only" version of the software.

This will allow you to learn more about the system at your own convenience.

So far, more than half of MainePERS' employers have registered for training. We appreciate employers' continued interest and commitment to learning more about reporting changes. The schedule below shows you where there are seats still available. Contact Pam McArthur at 1-800-451-9800 ext. 3110 or e-mail Pam.McArthur@mainepers.org to register.

Testing, Testing, 1, 2, 3 - Employers and IT Vendors

MainePERS will ask all employers to submit a test payroll file prior to go-live in the new system. Submitting a test file will help make sure you'll be able to submit your employer reporting information successfully after the move to MainePERS' web-based reporting system. To submit a test file you'll need the temporary password we'll provide you at the training, as well as a copy of a payroll report from August 2009 or later. To test if your file will work in our new system, the test file has to reflect all the required changes.

As of now, January 31, 2010 is the deadline for completing successful submission of test files. FMI: contact Employer Services at 1-800-451-9800 ext. 3200 or e-mail Employer@mainepers.org.
